

Description

JSZ12A-6R,10R series of indoor voltage transformer, which is the epoxy resin casting fully enclosed post structure. It's rated frequency 50Hz or 60Hz, rated voltage of power system up to 6kV,10kV, for measuring current, electric energy and relay protection.

There's a fuse protection on primary winding inside of the voltage transformer. The primary and secondary windings and iron core are epoxy resin casting together. So it has a good anti pollution and moisture resistance. This voltage transformer conforms to IEC60044-2 and GB1207-2006 standard.

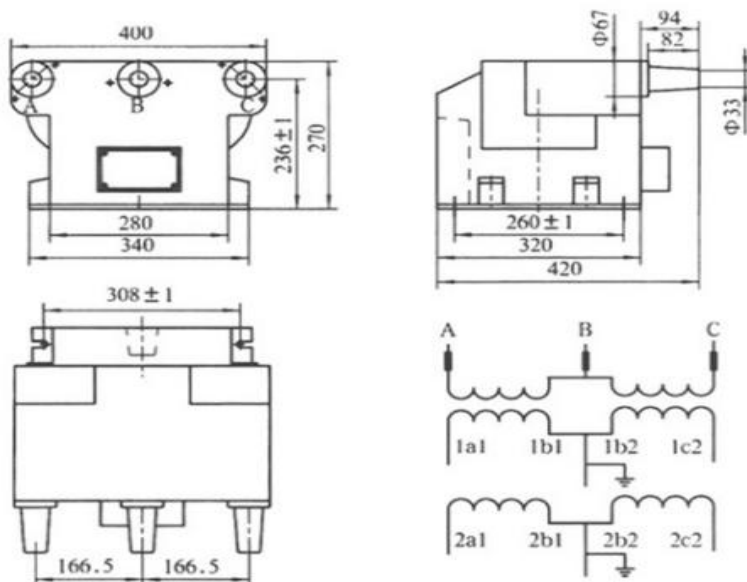

Technical Data

- Power factor: $\text{COS}\Phi=0.8$ (lagging)
- Rated frequency: 50/60Hz
- Ambient temperature: $-5^{\circ}\text{C} \sim +40^{\circ}\text{C}$
- Altitude : $\leq 1000\text{m}$

Model	Rated voltage Ratio (kA)		Accuracy classes and rated output (VA)					Thermal limit output (VA)	Rated insulation level (KV)
			0.2	0.5	1	3	0.2/0.5		
JSZV12A-6R	6/0.1/0.1		15	30	100	150	20/40	240	7.2/32/60
JSZV12A-10R	10/0.1/0.1		15	30	100	150	20/40	300	12/42/75
	10/0.11/0.22	100	15	30	150	150	20/60	300	
		220	/	80	150	240		500	

Note: We can also manufacture the transformers with other specifications as the detailed request.
